An Expert Talk by Systems Department

Speaker: *Mr Ankush Chauhan, Entrepreneur*

Topic: Cloud Computing

Host: Mr. Pranav Kambli

Student, Systems Specialization, MMS 2019-2021

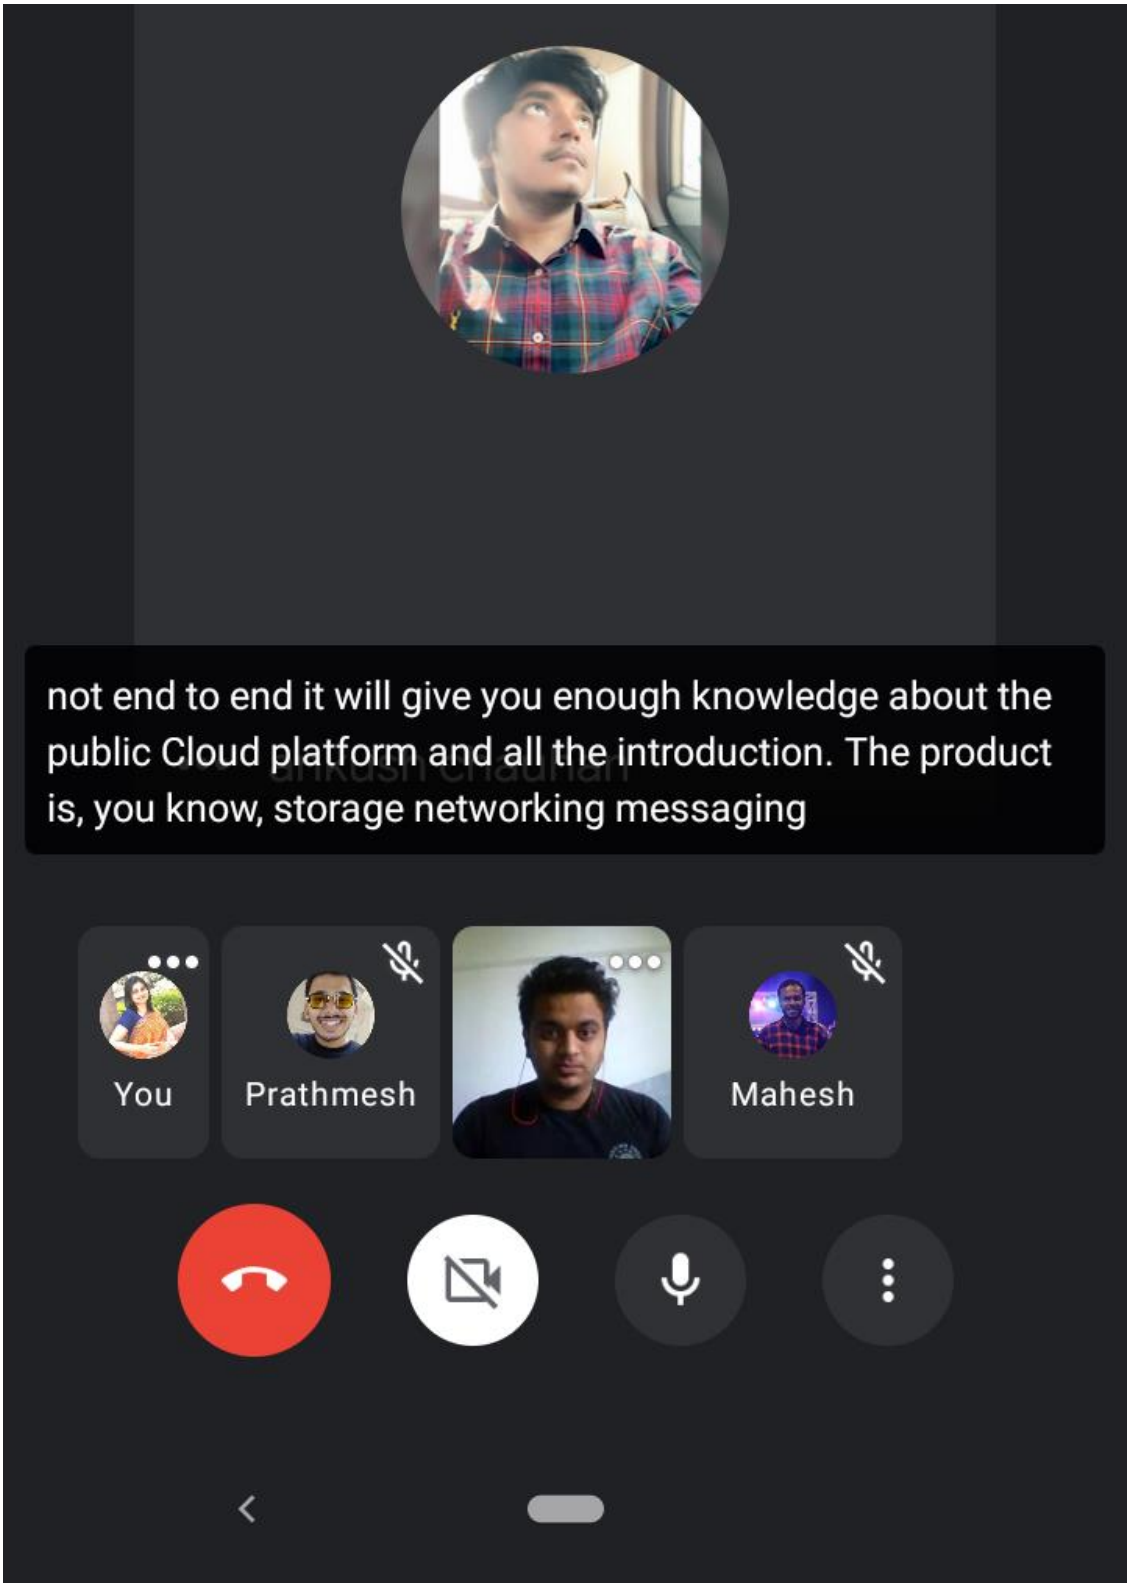
Date: 18 November 2020

Objective:

- To teach students the cloud architecture in covid
- To make them aware of the challenges in covid and migration of companies on cloud for jobs.

Outcome:

- The students could understand the cloud architecture better and implemented the skills in their startup – Website designing for clients to run business.



not end to end it will give you enough knowledge about the public Cloud platform and all the introduction. The product is, you know, storage networking messaging
